ORGANISATION FOR CO-OPERATION BETWEEN RAILWAYS (OSJD)

The Organisation for Co-Operation between Railways (OSJD) is an international Organisation established at the Railway Ministers Conference in Sofia, Republic of Bulgaria, by the ministers, responsible for the railway transport, on June 28th, 1956. The OSJD activities are undertaken according to the OSJD Statute, which is of an international treaty nature.

OSJD is a depositary of two international agreements, being of vital importance for the cross-border rail traffic: Agreement on International Passenger Traffic (SMPS) and Agreement on International Goods Transport by Rail (SMGS).

Among the OSJD members there are transport ministries and central transport bodies, responsible for the railway transport, from 29 countries. According to the Statute of the Organisation for Co-Operation between Railways, other forms of participation in the OSJD are possible, e.g.: as an observer - for ministries or railways (there are 6 of them at present), and as an affiliated enterprise (the total number of them is 38) - for the organisations and companies, involved in railway activities.

FIELDS OF ACTIVITIES

Major OSJD activities comprise:

- development and improvement of international railway transportation with the traffic between Europe and Asia in the first place, to include combined transportation;
- development of consentaneous transport policy in the field of international railway traffic, elaboration of railway transport and OSJD activity strategies;
- improvement of international transport law, administration of the Agreement concerning International Passenger Traffic by Rail (SMPS), Agreement concerning International Goods Transport by Rail (SMGS) and other legal documents connected with the international railway traffic;
- co-operation for the solution of the problems connected with the economic, information, scientific, technological and ecological aspects of railway transport;
- development of measures aimed at the increase of railway transport competitiveness in comparison with other modes of transportation;
- co-operation in the field of railway operation and technical matters connected with further development of international railway traffic;
- collaboration with other international organisations, engaged in railway transportation matters, including those of combined transport.

GOVERNING BODIES

The OSJD Ministers Conference (MC) is the supreme OSJD governing body. The Ministers Conference considers and takes decisions at the governmental level concerning all matters related to the OSJD field of activities, taking into account the proposals of the OSJD Railway General Directors Conference.

In 2020, due to the restrictions imposed world-wide to prevent the spread of the pandemic, session XLVIII of the Ministerial Conference was held in the OSJD Committee in Warsaw (Republic of Poland) using videoconferencing format from 28 to 30 September, and in 2021 Session XLIX is planned to be held from 15 till 18 June in the OSJD Committee using the videoconferencing mode, as well.

The Conference of General Directors (Authorised Representatives) of OSJD Railways (CGD) is the highest OSJD steering body on the level of railways and railway undertakings. The Conference organises work and makes decisions on the issues related to the OSJD fields of activities within the capacity of railways and railway undertakings. In 2021, due to the restrictions imposed world-wide to prevent the spread of the pandemic, meeting XXXVI of the Conference was held on 19-23 September in the OSJD Committee in Warsaw (Republic of Poland) with the application of a videoconference format, and in 2022 CGD meeting XXXVII is planned to be held in the city of Kiev (Ukraine) from 18 till 22 April.

The Ministers Conference and the General Directors Conference take decisions within their competence on the following issues:

- setting-up of working and other bodies, as well as their quantity, structure, work programme, duties, active life and their working procedure;
- appointment of the Committee's managerial staff and post distribution between the OSJD members of the chairmen and specialists of the OSJD Commissions and experts of the OSJD Permanent Working Groups and on other matters related to the OSJD activities.

EXECUTIVE BODY

The OSJD Committee is the executive body of the Organisation.

It exercises control over OSJD activities in the period between the sessions of the Ministers Conference and General Directors Conference meetings. The Committee functions as a depository for the agreements and contracts, concluded within the OSJD framework.
